		Subject	RE: Revision 1 Lower Silver Creek FSP

Thank you so much for your urgent attention to our plan, Tom. With your permission I would like to retain the your provisional email approval and complete our internal editorial review and revision prior to Tony's signature. We will forward an edited copy with appropriate signature for his final approval via FedEx. This will complete our obligation under the current contract QMP, and we will distribute the final executed copies to all project personnel as required under the subject plan.

Thank you again,

JOD

Subject: Re: Revision 1 Lower Silver Creek FSP

I have reviewed the revised FSP/QAPP that had been attached to the
message below and have determined the changes to be acceptable. A
title/cover sheet signed by Tony Medrano, Regional QA Manager will be
forwarded to Kathy Hernandez, EPA Project Manager. For the purposes of
this sampling event only, this message constitutes proof of QA Approval.

Tom Brooks

Revision 1 Lower Silver Creek FSP

All:

Please find attached Revision 1 of the field sampling plan for Work
Assignment 69, and the associated QAPP checklist with notations as to
the address of each of the identified deficiencies. Please note that,
while the QAPP checklist notations may indicate specific pages on which
deficiencies were addressed in the draft final document, that the page
numbering may have changed slightly in the final pdf formatting. Please
also note that this document has not been through the editorial review
required under our OWM Contract Quality Management Plan, and that it has
been submitted for editorial review concurrent with this submittal.

We believe that it has been sufficiently modified to meet provisional
technical approval for the scheduled field work, and request that email
to that effect be issued on your review. (Please use "respond to all" so
that project staff will have appropriate interim approval). Subsequent
to any final comments you may have and our completion of the requisite
editorial review, Tetra Tech will submit a signed final copy for
execution and return of the original signed copy to our office in
Fairfax, Virginia. On receipt of the fully executed copy, we will scan
the final executed document and distribute the QAPP electronically to
all appropriate parties.

Thank you for your patience and your urgent attention to this review.
Have a pleasant weekend.

Be safe and be well,

John O'Donnell | Environmental Quality Assurance Chemist
